Announcing Four New Ways To Win With Sega®/Gremlin®

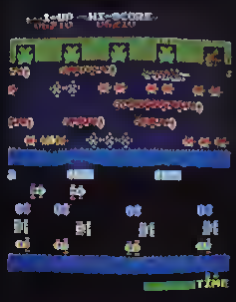
ELIMINATOR™

Eliminator
High energy excitement and fierce competition between players guarantees Eliminator a place in the video hall of fame.

Eliminator challenges a single player one-on-one, or two players can team up against the Eliminator in the upright cabinet. The fun and profit doubles with the new Eliminator 4-player cabinet. All four players compete at once for the opportunity to wipe out the Eliminator.

◄ Player destroys opponent by bouncing him into Eliminator Base.

FROGGER™

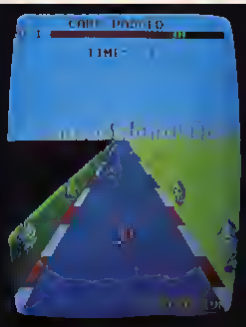


Frogger
Frogger is a refreshing new addition to the Sega/Gremlin game line. Players keep Frogger hopping from danger as he crosses a busy highway and rushing river en route home.

A one or two player game, Frogger adds a delightful touch to every location.

◄ Frogger lands safely on a slippery log en route home.

TURBO™



Turbo
The ultimate driving game, Turbo puts players in the drivers seat for a totally new perspective of the race track. The Turbo driver sweeps through city streets, tunnels and over highways and bridges.

Available in the sit down cockpit, complete with L E D instrument panel, or in the space efficient upright, Turbo offers high speed performance for players and high earning profit for you.

◄ The Turbo car races into the city.

TACTICIAN™

Tactician
A classic shoot 'em up space adventure, Tactician launches players into a tense galactic battle, fighting off invading enemy forces. A special "Tactics Time" allows players to build a protective barricade. Multiple warhead missiles add another element to the fast action game play.

◄ Tactician player shoots through barrier to destroy enemy attackers.
